

THE ISLE OF MULL AUTUMN WILDLIFE EXPERIENCE with Megan McCubbin

Guides: Megan McCubbin & Indy Kiemel Greene

Mon 27th - Fri 31st October 2025

OVERVIEW

- *Led by Megan McCubbin & Indy Kiemel Greene*
- *A small group of 6-7 guests*
- *We will showcase the island's incredible biodiversity on land and at sea*
- *5 land tours around the island in search of White-tailed Eagles, Golden Eagles, Otters, Hen Harrier, Short-eared Owls and many other wildlife species.*
- *4 hours at Sea with Sea Life Mull to search for Minke Whales, Dolphins, Harbour Porpoise and a mix of sea birds*
- *All inclusive, wildlife tours, accommodation (4 nights) and all meals (breakfast and evening meals)*

DAY ONE – Welcome and Afternoon Excursion

We will meet at Oakfield House at **2pm** *(no packed lunch included on this day)*

We'll head straight out to the island's west coast to a couple of White-tailed Eagle territories and a Golden Eagle territory whilst keeping an eye out on the coastlines in case any Otters or Seals do decide to make an appearance. As the light draws in, the waders may be gathering and the growing numbers of Great-northern Divers that winter here returning to roost in the sea lochs.

DAY TWO – Realm of the Eagle

We will venture out around the south side of the island into the heart of ‘eagle country’, spending a more concentrated time searching for these regal raptors. We will take in the stunning wild scenes including towering mountain ranges, dramatic glens and also amazing seascapes looking out to the Atlantic ocean.

DAY THREE – Whalewatch & Local Moors

After breakfast, heading out aboard the Sea Life Mull boat searching for any Cetaceans. Minke Whales, Common Dolphins and Harbour Porpoises in particular but you never know what else might surface when at sea!

This part of the trip is very much subject to the Autumnal weather and recent sightings so it'll be a nearer the time decision to see whether it goes ahead and on which day.

Lunch in the harbour after our trip at sea, then out to check moorland areas in the north of the island looking for Red Deer, Golden Eagle and Hen Harrier in particular. As light fades and hopefully a Hebridean sunset builds, we'll check the fields for any Irish Hares and if we're very lucky an owl sighting.

DAY FOUR – Otters & Hen Harriers

We will spend day four in the south-east of Mull. Starting off looking for Otters around the shorelines of one of Mull's larger sea lochs, before a coastal walk keeping an eye for eagles above, and then a picnic lunch back at the van. The afternoon will be spent on grassland habitat looking and listening for Red Deer and their bellowing that signals the Rut. We'll also be keeping an eye for any hunting Hen Harriers over the islands expansive heathlands.

DAY FIVE - Final Day

We will spend the day covering a couple of Mull's sea lochs searching the shorelines for Otters and Seals and any waterfowl, whilst revealing some of the uncovered sites of the week and hopefully ticking off anything we've missed so far, before heading on a wander to one of Mull's freshwater lochs checking the peaks and ridges for circling raptors and listening for Red and Fallow Deer.

After lunch together we will say our goodbyes at **2pm**
